

SEVA helping Detroit School children with online tutoring.

Namaste devotees,

With generous contribution and support from our community SEVA committee of Bharatiya Temple is pleased to announce the beginning of "Online Tutoring" to help Wayne Elementary School at downtown Detroit this week. With the initiative from SEVA members Sri. Lalit Sethi and Sri. Sanjay Shah we inaugurated the remote online tutoring session on Monday, February 10th. The tutoring was conducted online via Skype. The focus of 1st science session was polymer and plastics.

Students from the 5th grade, science teacher Jean (from Front Porch), and one of the volunteer high-school student from Indian community enjoyed the unique experience of Online tutoring. Students were amazed by this experience and participated actively in discussion. SEVA team acknowledges the assistance from Sanjay who was highly professional and knew how to involve students in discussion.

SEVA committee plans to continue with Online Tutoring until June 2nd. With support and encouragement from the devotees like you SEVA will make efforts to reach more needy students who lack proper educational assistance in downtown area. Here are some pictures from the first day's online session. For more pictures please visit - <http://tinyurl.com/seva-online-tutoring>
